

Term-2-Term exchange program

More value for you and your clients

What is the Term-2-Term exchange program?

This program allows Banner Life customers who purchased an OPTerm 10, 15, 20, 25, 30 or 35-year policy within the last four years (48 months) to move to a longer duration plan at their current attained age with no evidence of insurability required.

The exchange policy would be a new issue with full coverage, not adjusted by the duration of the original policy. Full commissions would be paid on the net premium increase.
